

LOLA

design Alberto Meda / Paolo Rizzatto, 1989

**LUCE
PLAN**

Type: Wall
Lamps: max 250W R7s
240W HDG R7s energy saver

Product use: Indoor

Materials: Aluminium stem, rynite head, microperforated metal reflector, anti-UV Pyrex protection glass

Colors: Structure in alu, black

Description: The wall model is offered with a support for use at 230 Volt and with the addition of a terminal strip for the 110 Volt version in the USA and Japan. Wherever it is, Lola is a discreet and "lightweight" but distinct presence. Made with complex technologies and innovative materials, it is a wall-lamp for indirect lighting. The reflector can be orientated by means of a thin rod on the head

Certifications: 

Insulation class:
